

Andrew Kan

Web Developer | UX & Graphic Designer

Highly skilled and experienced Web Developer with a proven track record of developing compelling and engaging web experiences.

EXPERIENCE

Freelance, Arcadia, CA

Graphic Designer

August 2023 - Present

- Crafting engaging overlays and impactful marketing materials for content creators and streamers.
- Currently self-study in Reactjs, RESTful APIs, and Typescript fuel my pursuit of a web development career.
- While seeking full-time opportunities, I remain dedicated to bringing my design skills and UX principles to creative collaborations.

Nexon America, El Segundo, CA

Web Developer

February 2020 - December 2021

- Developed compelling and engaging microsites to advertise game updates for titles like Maplestory and Mabinogi.
- Used web languages like HTML5, CSS3, JavaScript, React, .NET Framework, vue, and grunt to create dynamic and interactive web experiences.
- Utilized Adobe Photoshop to slice and crop assets that were given from the Creative team.
- Compressed and optimized video assets that were provided from the Video Production team.

RAPP, El Segundo, CA

Web Developer

May 2019 - February 2020

- Developed marketing HTML emails for clients like Toyota and PNC Bank to promote upcoming vehicles deals and banking offers.
- Used traditional HTML and CSS to create emails that were visually appealing and easy to read.
- For a client, Aimmune, had to simulate the landing page of a product website and recreate the functionality with HTML5, CSS3, JavaScript, jQuery, Bootstrap, and React.
